## More Appointments.

The President Fills a Number of Offices.

### INTERNAL REVENUE COLLECTORS

Military Cadets at Large Appointed—The President Too Busy to Go to Cape May. An Order From the Treasury Department—Other Washington News.

WASHINGTON, June 28.—The president has made the following appointments:

Collector of internal revenue: John J. Hutchman, for the district of Connecticut; Isaac Moffett; First district of New Jersey; Elihu A. White, Fourth district of North Carolina; C. W. Arnold, for the district of Georgia; Marcus Boggs, Eleventh district of Ohio; John O. Cronens, Eighth district of Indiana; Julius C. Starr, Fifth district of Illinois.

Collectors of customs: William J. Morgan, for the district of Buffalo Creek, New York; Enos J. Pennypacker, for the district of Wilmington, N. C.; Philip M. Hildebrand, to be surveyor of customs for the port of Indianapolis, Indiana.

The president also appointed the following cadets at large to the military academy: Hugh D. Wise, son of Gen. John D. Wise; John C. Gilmore, son of Capt. John C. Gilmore, Twenty-fourth infantry, as alternate; David S. Stanley, son of Gen. D. S. Stanley. The president will have no more appointments to the military academy before June, 1890.

### The President Busily Engaged.

WASHINGTON, June 28.—The president has found that it will be impossible for him to go to Cape May the end of the week to bring Mrs. Harrison home. He will have to remain at the White House, and she will come on with the children alone. He will probably have also to delay his trip to Deer Park for a few days. It was at first thought that he and Mrs. Harrison, with the children, would start for that port not later than the 1st of July, and that he would go on from there to keep his appointment at Woodstock July 4. It is pretty certain now, that he will be obliged to stay in Washington until he starts for Woodstock, and the Deer Park trip will have to wait upon his appointment.

### No Banks in Indian Territory.

WASHINGTON, June 28.—The attorney general has rendered an opinion in which he holds that a National bank cannot be established anywhere in the territory of the five civilized nations in the Indian territory. The objections to establishing National banks there, he says, grow out of the treaties now in force between the United States and the five nations. The treaties provide that these nations shall be unrestricted in the right of self-government, and jurisdiction over persons and property in their limits, and the effect of the treaties make it safe to say that the National banking laws are not in operation in this territory.

### Complaint Against Marshals.

WASHINGTON, June 28.—The commissioner of internal revenue has sent to the attorney general a formal complaint against the United States marshals and commissioners in Alabama. It is alleged that these officers trump up cases against innocent persons to secure fees, and that they have secured transportation for friends from point to point in the state at the expense of the government, on the pretense that they are needed as witnesses.

### Orders to Customs Collectors.

WASHINGTON, June 28.—The treasury department has issued an order to collectors of customs forbidding them to issue to parties intending to reimport bags of American manufacture, which have been exported for benefit of drawback under section 3,019, revised statutes so called certificates of exportation, for the purpose of facilitating the free entry of such bags upon their return to the United States.

### Life Saving Service Extending.

WASHINGTON, June 28.—The life saving service is taking steps for the establishment of two life saving stations on the great lakes, provided for by the last congress. One at Marquette, Mich., on Lake Superior, and the other at Keweenaw, Wis., on Lake Michigan.

### The Kearsage at Hayti.

WASHINGTON, June 28.—The United States steamer Kearsage arrived at Nicholas Mole, Hayti, yesterday after a stormy voyage from New York. The vessel proceeds at once to Port-au-Prince. All reported well.

### Steamer Ordered to Samoa.

WASHINGTON, June 28.—The United States steamer Adams, now at Honolulu, has been ordered to Samoa, to take the place of the Alert and Nipsu, now on their way to San Francisco.

### THE NUMBER INCREASING.

Loss of Life at Latrobe Greater than at First Reported.

LATROBE, Pa., June 28.—The loss of life at the Latrobe freight wreck will be probably larger than was first reported and the death list may reach forty-five. Engine 1,313, which was supposed to be lying at the bottom of the Loyal Hannu river, was found resting on a box car, which was supposed to have contained ten or twelve tramps, and it is probable that a number of bodies will be found when the car is taken out.

It is believed that there are many more bodies covered up in the wreckage, and that the remains of others of the victims have been carried away by the current of water, which is very swift at this place.

### IT WAS A SURPRISE.

Mr. Phelps Had no Idea of Being Appointed Minister to Germany.

WASHINGTON, June 28.—Mr. William Phelps' appointment to the German mission was wholly unexpected by him. He had seen allusions to his possible selection in the English and German newspapers, and had heard the matter referred to in a jocular way since he returned. Neither the president nor Mr. Blaine, however, had ever in any manner spoken with him regarding the matter previous to Wednesday. It came about in rather an odd manner.

Mr. Phelps had a call at the executive mansion in company with Secretary Blaine to pay his respects to the president, and to talk with him, if the president so desired, about the recently signed Samoan treaty. There was a pleasant exchange of compliments, when Gen. Harrison, who was sitting at his desk, picked up an official envelope lying there and handed it to Mr. Phelps. The latter, seeing that it was addressed to him, opened it and found that it contained his commission as minister to Germany.

Mr. Phelps was so overcome with surprise that for a moment he could only murmur his thanks, but the president interrupted him with:

"You owe me no thanks. I make this appointment as a reward for the excellent service rendered by you at the recent Berlin conference. You deserve all that you have received."

### A VIADUCT FALLS.

Eight Men Seriously Injured at South Omaha, Nebraska.

SOUTH OMAHA, Neb., June 28.—Yesterday a switch engine of the Union Stock Yards Company, backed a train of cars under the "Q" street viaduct and knocked the guy ropes out, causing the whole structure to fall. At the time of the accident there were eight men at work on the viaduct, and they were carried to the ground with the falling structure, and sustained serious injuries.

Their names are: James Bulford, of Boston, Mass.; deep gash in left leg, wound in groin, and generally bruised; Fred Annacker, of Des Moines, Iowa, left side and leg badly cut and bruised; Frank Witherrall, of Janesville, Wis., severe wounds on left leg and arm; Joe Clutter, bruised on the head and body; William Ester, bruised all over body and cut in hands and wrist; Frank Rush, cut in the neck; Isaac Ester, body bruised. The escape of the men from death was miraculous, as the fall was twenty feet, and the landing among iron and stones.

### BOTH SIDES OBSTINATE.

The Indiana Operators and Miners Fail to Come to An Agreement.

BRAZIL, Ind., June 28.—The state board of charities, in session with the miners and operators, Wednesday, adjourned at noon, having failed to accomplish anything definite. The operators persist in their inability to pay more than they offer, while the miners as obstinately refuse the rates offered.

Secretary Johnson, of the board of charities, remained, at the request of the miners, to an afternoon meeting of miners. The operators appointed W. H. Zimmerman, Housey Johnson and C. Crawford to meet a like committee of miners at any time, and to act for them in steps necessary to resumption of work. Meanwhile the strike continues. The semi-weekly relief fund Wednesday amounted to \$334, which was equally divided among 3,478 dependents. The fund was 100 per cent. less than on Friday last.

### Catholic Knights of St. John.

WASHINGTON, June 28.—At Wednesday's session of the Roman Catholic union of the Knights of St. John, the selection of the place of the next meeting resulted in the choice of Columbus, O. Officers were elected as follows: Superior spiritual director, Bishop Waterston, of Columbus, O.; supreme commander, John Schueler, of Rochester, N. Y.; first vice president, William T. McCurran, of Grand Rapids; second vice president, L. J. Herbert, of Washington; secretary, Timothy J. Nolan, of Cleveland; treasurer, G. J. Mathison, of Parkersburg, W. Va. The union adjourned sine die.

### Not Worried About the Proclamation.

NEW ORLEANS, June 28.—Governor Nichols' proclamation regarding prize fighting in this state is not causing much anxiety to the sports hereabouts. Bud Renaud, who has charge of the affair, said last night that it was never contemplated to pitch the battle ground within the jurisdiction of Louisiana. He says the proclamation will not interfere with the arrangements. "Bill" Harding and Frank Stevenson, of New York, concurred fully in Renaud's opinion and expressed like views.

### Died on a Train.

ROADHOUSE, Ill., June 28.—A young woman traveling alone from California toward her home in New Jersey, suddenly died on the passenger train which came up here yesterday. She was a refined, educated young lady, named C. C. Colagon, and had been teaching school in California. Her remains were taken to Bloomington, where it was expected relatives would meet them.

### Probably Eleven Lives Lost.

SAN FRANCISCO, June 28.—The schooner Annie left this port on Feb. 9 on a hunting and fishing trip to the Behring sea. As she has not been heard from since, it is believed here that she went down in one of the heavy gales that swept over this region soon after she left port. The Annie carried a crew of eleven men. Her captain is John Jacobson.

### Never Recovered Consciousness.

GETTYSBURG, Pa., June 28.—Dr. John J. Brown, member of the legislature from this county, was found unconscious in his office Tuesday night, died this morning. He never recovered consciousness.

## Getting at the Facts

The Cronin Grand Jury Hard at Work.

### LAST DAYS OF THEIR LABOR.

The Entire Conspiracy Will Soon Be Revealed and a Number of Indictments to Be Added to Those Already Returned. A New Difficulty in the Burke Extortion Case.

CHICAGO, June 28.—On reassembling the Cronin grand jury worked straight through to 7 o'clock last night, when an adjournment was taken without returning any further indictments, but it is believed that a number of true bills will be reported in the near future. It is more than probable that before Saturday next, when the present term of court terminates, every man connected with the conspiracy will be under indictment.

An unknown man brought in by Officer Hiatt was suspected of being the man who drove Dr. Cronin away from his home the night of May 4. Mr. and Mrs. Conklin failed to identify him, however, and he was permitted to go free.

After the examination of a representative of the Postal Telegraph company, a number of Irishmen were called into the witness room. It is understood that the Clan-na-Gael is the object of the inquiry.

About 10:30 o'clock John P. Beggs was removed from the armory to the Central station, where he is now locked up.

The rumor that the suspect Patrick Cooney was seen in the city within a few days is given no credence by the police.

A special from Chillicothe, Mo., says that four detectives arrived there and took different routes into the country, and it was thought Cooney would be captured before many hours.

### The Irish Element Dissatisfied.

There is a widespread feeling of dissatisfaction among the Irish element in Chicago, touching the method adopted against the Irish nationality by the authorities. The claim is being made that Chief Hubbard, State's Attorney Longenecker, and Capt. Schuetler, in refusing to allow any Irish members of the police force to have anything to do with the case, are offering an unbecoming insult to the whole Irish people, and that their action is productive of a good deal of the apathy exhibited in certain Irish-American circles.

### Author of the Anonymous Letter.

State's Attorney Longenecker has received an answer to his advertisement in regard to the anonymous letter received by him giving a hint as to the workings of Camp 20 and the alleged trial of Dr. Cronin. The person answering the advertisement claims to be the author of the anonymous letter, and has made an appointment to meet the state's attorney, but when and where Mr. Longenecker refuses to say.

### Is Camp 20 Disbanded?

A rumor has been industriously circulated to the effect that Edward Spillman, the district member of the Clan-na-Gael, and millionaire distiller of Peoria, has disbanded Camp 20 with a view to obstructing the investigation of its records. Nobody in Chicago seems to have received an official notice of Spillman's action, and Judge Longenecker is inclined to doubt the authenticity of the rumor. The judge said last evening he had every reason to believe that it was not true, but in the absence of facts he was unwilling to cast discredit on it.

### Burke a British Subject.

WINSTON, Man., June 28.—It is stated here that on what appears to be most reliable authority that Burke is a British subject, and as such entitled to certain rights of citizenship that he would not otherwise be able to claim. One of the advantages he would gain by this would be that under the extradition laws of Manitoba it would be absolutely necessary for the prosecution to prove that he was directly connected with the murder. Making out a prima facie case would not be sufficient to warrant extradition, and it would be necessary to bring into operation here all the machinery of the American law to convict Burke of Cronin's murder.

Mr. Campbell, the prisoners lawyer was interviewed by the United Press correspondent last evening, and asked if this was to be the line of defense. His reply was evasive, and no satisfaction could be gotten out of him.

It is learned upon perfectly reliable authority that when Martin Burke purchased a ticket from Winnipeg to Liverpool, he deposited \$5 in cash, and sent a telegram to some point in Michigan for the balance. The money was telegraphed and Burke promptly got his ticket.

### Contradictory Testimony.

CHICAGO, June 28.—The fact has leaked out that Father Dorney's testimony regarding Alexander Sullivan's financial standing at the time of his board of trade transactions was practically impeached by the witness who was called immediately after him. Father Dorney testified that when he was requested to investigate the accounts of Sullivan for the purpose of ascertaining the truth of malfeasance made against him, he discovered that Mr. Sullivan was in a very sound financial condition as the result of his own business and commercial speculation, and added that

on being referred by Mr. Sullivan to Frank E. Johnson, John T. Lester & Company's manager, he found from the books that Sullivan had within two years cleared \$50,000 on his transactions through that firm. Frank Johnson himself was the next witness called and he denied point blank that Father Dorney had ever called at his firm for the purpose of making any such investigation as that mentioned. He further stated that Father Dorney had never examined the books for any purpose, and in fact he had never seen and did not know Mr. Dorney at all.

At Mt. Vernon, O., John Baker, a chicken thief, was sentenced to three years in the penitentiary. Moses Lopley, for stealing a \$40 watch, was given two years and four months.

The secretary of war has directed that officers connected with the department of war be draped in mourning for a period of thirty days, as a mark of respect to the memory of Hon. Simon Cameron.

The Beach hotel, at Galveston, Tex., one of the largest seaside hotels on the coast, the property of a syndicate, headed by Col. W. H. Sinclair, of Galveston, has been purchased by Lem B. Clark for \$250,000.

Jake Kilrain says that the proclamation of Governor Nichols forbidding the fight between him and Sullivan "will have no effect on the mill, as it can be fought in three other states and yet be within the required limit of 200 miles from New Orleans."

### End of the Wheat Steal Cases.

MINNEAPOLIS, Minn., June 28.—The great wheat steal cases came to an untimely and ignominious end yesterday. The court ruled that an accumulation of petit larcenies could not be considered grand larceny. William G. Harley, one of the conspirators in the overloading of cars consigned to Moak & Company, the principals, pleaded guilty to petit larceny and paid \$100 fine. W. S. Holcomb, the elevator foreman, pleaded guilty to grand larceny.

## Death of John Lashbrooke.

John Lashbrooke died this morning at 3 o'clock at his home in Washington. He was seventy-four years old and had been in failing health for some time, from general debility. The funeral services will be held at 2 o'clock to-morrow afternoon at his late residence, Rev. W. T. Spears, of Mayslick, officiating. The remains will be interred in the Lashbrooke burying ground near Taylor's Mill.

## A Successful Meeting.

Rev. J. M. Evans has returned from Stanton, Powell County, where he conducted a successful revival meeting the past three weeks or so. Heretofore the Presbyterians have had no church at Stanton, but he succeeded in organizing one with a membership of forty-five, and secured enough money to insure the erection of a comfortable house of worship. So far as learned he is the first Presbyterian who ever preached at that point.

Stanton was named in honor of the venerable Judge R. H. Stanton, of this city, who is very kindly remembered by the people of the thirty little mountain town.

## The Recent Baptist Meeting.

In speaking of the recent meeting of the General Association of Kentucky Baptists in this city, the Western Recorder, of Louisville, says: "The entertainment at Maysville was all that was to be desired. The house of worship, large, beautiful and convenient, afforded every facility for the meetings. The music the choir rendered was exceptionally fine and appropriate. The homes and hearts of the people were open to the delegates. We were invited everywhere and to visit all places of interest, and what is most remarkable, the members were furnished by the street-car company with free passes over their line. We do not know any other instance where this last was done. We congratulate Bro. J. H. Hall, to whom we are indebted for special courtesies, and Bro. Thomas, as well as Pastor Garrett, Dr. Strode and the rest."

LEXINGTON is to have a belt-line railway. The contract has been let, and work will be commenced next Monday. It is the present calculation that the road will be in operation on or before December 1.

A DEED from C. P. Huntington and wife to the Maysville and Big Sandy Railroad Company was filed in the Clerk's office for record this morning. It conveys all his right, title and interest in the right of way of the company as now located, the consideration being \$19,843.66.

We have the most improved system for fitting eyes. Our glasses are the finest made. We guarantee an accurate fit. If you need spectacles or eye glasses we will be pleased to have you try ours. If they do not suit we will refund the money. HOPPER & MURPHY, jewelers.

JERRY MASTERSON, who was born and raised in Mason County, was killed a few days ago by a runaway team near his home in Wyandotte County, Kan. The Kansas City Times says: "Mr. Masterson had driven to White Church with a load of wheat when his horses became frightened at the cars and ran away. The wagon was overturned on the unfortunate farmer. He lived about five minutes after being taken from under the wagon, but was unconscious. Mr. Masterson was a wealthy farmer about fifty-three years old. He leaves a wife and five children."

## Victims of the Flood.

Their Graves to Be Strewn With Flowers.

DONE AS A TRIBUTE OF RESPECT

A State Day of Prayer to Be Observed When the State Turns Johnstown Over to Its People—Sick Report—Efforts Being Made to Ascertain the Number of Lives Lost.

JOHNSTOWN, Pa., June 28.—Sheriff McCandless and Col. Hudson called on Gen. Hastings yesterday with a view to having a grand solemn ending of the Johnstown calamity properly celebrated throughout the state. The idea has the approval of all who have taken an interest in the fatality. It is proposed that on the day the state turns Johnstown over to its people that requiem services be held in all parts of the Conemaugh valley where the victims of the disaster are buried.

This to be done as a tribute of respect to this stricken locality, and is to be made a state day of prayer. Many of the unfortunates were buried without any religious service, and are now lying in unknown graves. The date for the observance has not yet been determined, but will be announced in time for proper preparation. The observance proposed will be somewhat after the manner of Decoration Day. At an hour appointed, appropriate services will be held at the various cemeteries in which the remains have been interred. Flowers will be strewn upon the graves, making a fitting ending to the greatest calamity that has ever occurred in this country.

The sick report for the past twenty-four hours shows sixty-seven workmen and nineteen militiamen ailing from gastric troubles. Two were sent home and two to the hospital.

Governor Beaver has telegraphed the finance committee that he would refer the request for home rule to the state commission, which was received with gratification by the people.

There will be but six commissaries in the valley after this week to supply the needy.

The Bedford street hospital has been turned over to the county authorities by the state.

There is some feeling of jealousy toward the Red Cross society by the physicians here on account of the society attending the sick and injured gratis.

Gen. Hastings said he would remain here until the people are satisfied with their houses and the condition of the valley gives entire satisfaction.

There were five bodies found yesterday. John D. Rose, supposed to have been lost from the day express, was identified. His friends arrived last night and claimed the remains.

The finance committee registration for the distribution of the relief fund of \$150,000, began yesterday in all the wards and districts of the valley. Ten thousand persons have already registered for relief, and the bureau of inquiry will be open to-morrow, after which time those not registering will be left out of the division.

The bureau of inquiry will begin to-morrow, which will be thorough and permanent. It is for the purpose of ascertaining the number of lives lost and the number of survivors in each family, and the value of all property lost in each family. This is necessary so a just and proper distribution of the relief money can be made.

### A YOUNG WOMAN MURDERED.

The Mystery Surrounding the Finding of a Body at St. Louis.

ST. LOUIS, Mo., June 28.—The body of a young woman of about 30 years of age was found on Union avenue at 5 o'clock yesterday morning. Her face was discolored, and severe bruises about the face and neck lead to the belief that she was strangled to death. The name "Anna" was engraved on the handle of an umbrella found by her side. On being taken to the morgue it was found that the unfortunate woman was enceinte.

The body was identified by some Jefferson City visitors as that of Anna Weiss, a girl employed as chambermaid in the Madison house at the state capital. She was 24 years of age, a brunette of prepossessing appearance, and was neatly attired. The postmortem examination showed that death was caused by a number of blows on the head which fractured her skull. The detectives found a sister of Miss Weiss, a Mrs. Hollingsworth, living at 210 Clark avenue. She stated that her sister remained with her from Sunday night until Wednesday evening. The police are working on the theory that the young woman met her betrayer by appointment, and that they drove around the greater part of the night. No arrests have been made, but the police feel confident of securing the murderer.

### INTO AN OPEN SWITCH.

An Engine and Three Cars Thrown Down an Embankment.

DOVER, N. H., June 28.—An express train on the Boston and Maine railroad ran into an open switch while coming into this city last night, and the engine and three cars were thrown down an embankment. The engineer and fireman jumped, and escaped without serious injury. The train was running at a high rate of speed, having been delayed at North Berwick for Crescent division of the Knights of Pythias of Dover to embark.

The passengers were badly shook up, and Oscar F. Kimball, grand chancellor of the Knights of Pythias, of New Hampshire, William Hilliard and Frederick Weeks, all of Dover, were injured. Kimball and Weeks were hurt in the head and back, and Hilliard internally. William Hoitt, of Malden, had his arm broken.

Miss Mamie Davis, a telegraph operator, remained at her post during the entire season of the yellow fever epidemic at Jacksonville.

### THE DEAD REMOVED.

Simon Cameron's Body Taken From Lancaster to Harrisburg.

LANCASTER, Pa., June 28.—The special train bearing the body of Simon Cameron, accompanied by the immediate relatives, left Marietta for Harrisburg at 8 o'clock yesterday evening. No service was held at the old home in Donegal.

### Funeral Arrangements Made.

HARRISBURG, Pa., June 28.—Gen. Cameron's remains arrived on a special train last night accompanied by Wayne MacVough and other relatives of the deceased. They were taken to his old home on Front street. Rev. George F. Chambers will have charge of the funeral services, which will begin at 1 p. m. Saturday. The obsequies will be devoid of all display in accordance with the wishes of the deceased, and no invitations to friends to attend the funeral will be sent out, although all will be welcome.

The pallbearers will be: Insurance Commissioner Forster, Maj. Bent, superintendent of the Pennsylvania Steel Works; ex-State Printer Lane S. Hart, Col. W. W. Jennings, John Weiss, William J. Calder, of this city; Arthur Brook, of Lebanon, and James Young, of Middletown.

### Mrs. Hayes' Funeral.

FREMONT, O., June 28.—Arrangements for the funeral of Mrs. Hayes are about completed, and the services will be very brief and simple. Dr. L. D. McCabe, of Delaware university, will have charge of the services, and will be assisted by Dr. Merriek, one of Mrs. Hayes' college professors, and the different ministers of the city.

### NEARLY EXHAUSTED.

Lovers of Mackerel Will Probably Want For Their Favorite Fish.

BOSTON, June 28.—Lovers of mackerel will have to pay a high price for that fish next winter. This summer's catch is very meager. A gentleman interested in one of the largest fish establishments in the country said:

"One of our fleets has just returned from the mackerel fields without a barrel. In 1882 and 1883 our catch was between 450,000 and 500,000 barrels. In 1887 it was 77,000; last year it was 47,000. So far this year, and the best season is gone, it is almost nothing. Old fishermen think the fish have crossed the Atlantic and there seems to be some grounds for believing so, as many mackerel are now being caught off the Irish and English coasts."

"Ordinarily a barrel of mackerel weighing 200 pounds sells for from \$4 to \$5. Just now they are worth \$22. The supply is so limited and the season so far advanced that there is but little hope of avoiding a practical non-supply. The large fish, such as cod and halibut, are all right. The supply of these seems to be inexhaustible, but unless the mackerel have only temporarily left the New England coast or they can be induced into Pacific waters, it looks as though the old salt mackerel will soon disappear. An attempt has been made to propagate the spawn in the Pacific, but with what success we can't tell yet."

### Fire in a Telegraph Building.

MONTREAL, June 28.—Fire was discovered in the Federal Telephone company building on St. Sacramento street early this morning, and for a time threatened to be a large conflagration. The flames spread to the Stock Exchange and other adjoining property. Some narrow escapes are reported. The loss is estimated at \$30,000, of which the telephone company's loss is about \$23,000, covered by insurance.

### FINANCE AND COMMERCE.

Quotations for the Money, Stock, Produce and Cattle Market for June 27.

NEW YORK.—Money 3 at 4 per cent. Exchange steady; government's steady. Currency notes, 118 bid; four coupons, 129 bid; four-and-a-half, 109 bid.

The stock market this morning was somewhat active. The first prices were firm and generally 1/4 to 1/2 per cent. lower than last evening. The principal trading was confined to St. Paul, Reading, New York and New England. Atchison and Rock Island, sugar trust was unusually quiet but strong and rose 1 per cent. to 115 1/2.

In the latter part of the first hour San Francisco preferred, and New York and New England suddenly became prominent and were bid up 1 per cent. and 1/2 respectively. The rest of the generally active list strengthened fractionally in sympathy. In the hour to noon the market was extremely dull and the fluctuations were insignificant. The tendency, however, was toward higher figures. At this writing the market is firm at fractional advance in most cases.

### HEAVY RAIN STORM.

Serious Washouts Greatly Interfere With Railroad Travel.

WATERTOWN, N. Y., June 28.—An unusually severe rain storm prevailed in several parts of Jefferson county and northern New York yesterday and last night. Several points report cloud-bursts. Serious washouts occurred two miles west of Chaumont, blocking the road. There have been no trains on the Rome, Watertown and Ogdensburg railroad this morning. Superintendent Jones, of the division, will re-establish passenger traffic by transfers.

Redwood and Sockets Harbor, both in this county, were flooded, but so far no great damage is reported. The mid-night freight on the Utica and Black river division of the R. W. O. railway, ran into a washout at Ridgewood last night and was wrecked. Passengers are transferred there, going and coming.

### Three Boys Drowned.

KANSAS CITY, Mo., June 28.—Three boys from this city, named Edward Camp, Fred H. Brice and Frank Orval, got into water over their depth while bathing in the Blue river at Sheffield, yesterday afternoon, and were drowned. Their bodies were recovered.

FORT SMITH, Ark., June 28.—Government officers succeeded yesterday in capturing Ed. Reed, the notorious son of the famous Belle Starr. Reed came into the city to sell a pack of stolen horses, and was arrested in a stall of a stable, where the officers had him surrounded. He has always boasted that he would never be captured alive.

### Another Strike at Fall River.

FALL RIVER, Mass., June 28.—The weavers at the Narragansett mill struck work this morning on account of a disagreement arising from the discharge of a sub-overseer. About 400 looms are idle. The strikers will hold a meeting to-morrow morning.
